

September 2018

Your contribution to the TOMSPAC is vital to our ongoing effort to educate the members of the Texas Legislature and other stakeholders about the importance of providing safe, efficacious office-based dental anesthesia by appropriately trained and experienced dental professionals!

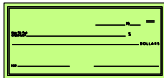

You can help make a difference for the patients in Texas by sending your personal or non-corporate donation to TOMSPAC today!

Remember: In order for the TOMSPAC to utilize your dollars for campaign contributions, they must be in the form of a personal donation. Help our specialty maintain a strong presence in the Capitol while lobbying to support Patient Safety in the State! Donations can be utilized for campaign contributions if they are in the form of a personal payment or a payment from a Professional Association or Professional Corporation.

Should you wish to charge your contribution to a MasterCard or Visa, please complete the box below and return this form to our office.

Please contact Kelly Shy via email at kelly@tractiontohealthy.com with any questions or concerns regarding this process
